GET INVOLVED

Get Involved!

The theme of the EAO this year is "Get Involved", and we are looking for members who would like to get involved in the Communications and Membership committees. The overall goal is effective communications with members and their families, and with the community; and continuous expansion of our membership. The committees will work on improvements of the EAO web site, and on a better membership database. Once the infrastructure is in place, we will also be looking for content editors for the web site.

Volunteers are sought for these important committees and their crucial functions, so please Get Involved! Interested EAO members may email Yahya Sanadidi (medy@ucla.edu) or (info@EAOUS.com).

THANK YOU!

THE E.A.O. 2008 OUTSTANDING ACHIEVEMENT AWARD

Dr. Ayman El Mohandes

designed to improve maternal and infant health, especially in Egypt and other developing countries and among minority populations in the United States. As principal investigator on DC H.O.P.E.'s Healthy Outcomes of Pregnancy Education, he helped to evaluate an integrated intervention on smoking and psychosocial risk during pregnancy that involved 1,800 women; currently, he serves as PI of a \$3.5 million NICHD initiative to reduce smoking among pregnant minority women.
